The Military Vehicle Technology Foundation (MVTF) oversees one of the largest and most significant collections of historic military vehicles in the world. Their goal is to acquire, restore and interpret the historical significance of 20<sup>th</sup> and 21<sup>st</sup> century military vehicles. Domestic and foreign combat vehicles such as tanks, armored cars, self-propelled artillery and other technically interesting mobile platforms are the focus of the collection. They also maintain an extensive technical library that describes many vehicles down to the part level. Their inventory list includes:

**Light Tanks  
Medium and Heavy Tanks  
Armored Personnel Carriers  
Tank Destroyers  
Reconnaissance Vehicles  
Self-Propelled Artillery  
Artillery, Mortar and Rocket Launchers  
Antitank Guns  
Antiaircraft Weapons  
Recovery Vehicles  
Trucks, Tractors Prime Movers  
Amphibious Vehicles**
